EXCLUSIVE WORLD MANUFACTURER
of Synthetic Fibre Production
Spare parts & Machinery

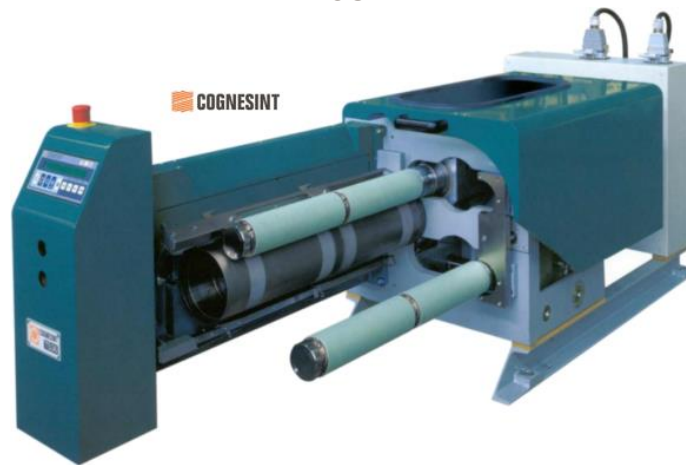

The historic Italian manufacturer COGNETEX was acquired by Cogne Macchine Tessili S.p.A., which entered into an intensive cooperation agreement with NIKOSINT, holder of exclusive world rights to the marketing of all products included in the machine and spare part range for synthetic fibre production systems.

BOTH structures are staffed by highly experienced personnel formerly employed by the historic company COGNETEX; the two structures have split to ensure greater product focussing and specialisation.

Today, NIKOSINT - E.H.S. intends to initiate a commercial promotional campaign for the sale of new products, such as the TS3X synthetic fibre take-up winder.

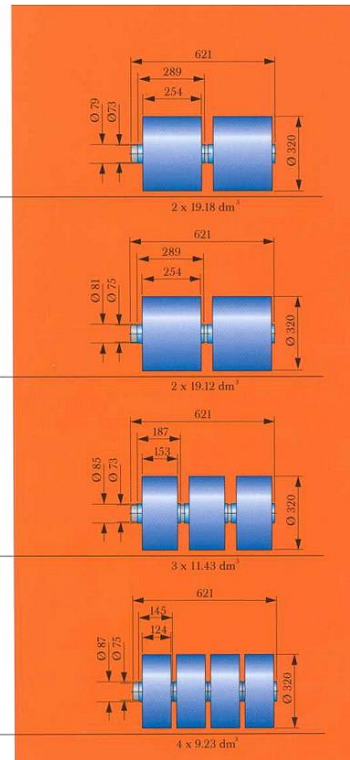

Automatic Take-Up Winder TS3X

Packages standard dimensions

No. of ends	tube inner diameter	tube outer diameter	package width	package volume
2	73 mm	79 mm	254 mm	19,18 dm ³
